

DIGITAL LECTERN

Turn your lectern into an exciting communication tool.
Made of high quality wood, Digital Lecterns are perfectly suited
for conferences, congresses and meetings.

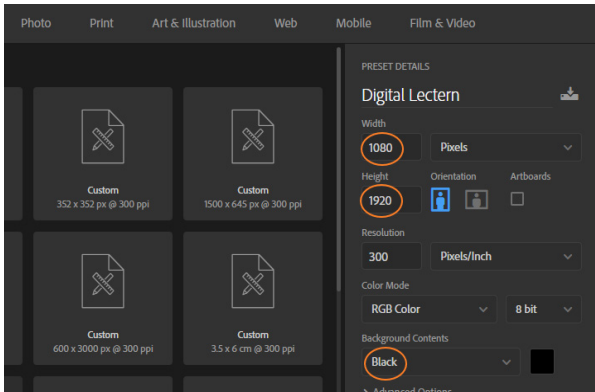

DIGITAL LECTERN

INSTRUCTIONS FOR PHOTOSHOP

Please open Photoshop and follow the steps below. You are free to change the position of your logo.

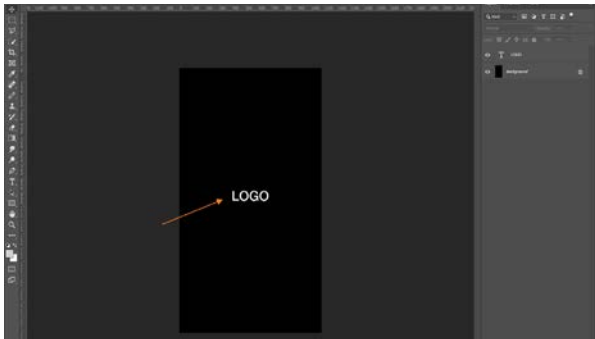

1. CREATE A NEW PROJECT

- Open Photoshop and create a new project with black background and 1080x1920 dimensions.

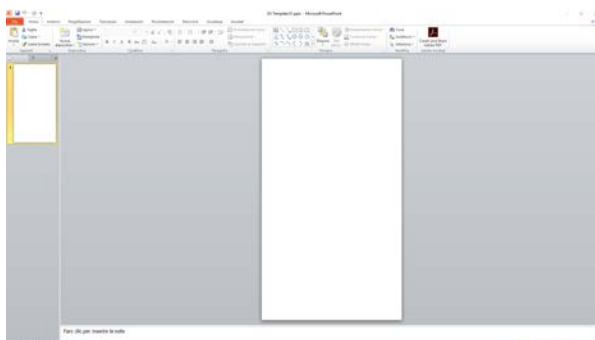

2. ADD YOUR LOGO

- Insert your logo in the center of the document and save it as Jpeg file.

3. IMPORT YOUR LOGO TO POWER POINT

- Open our Power Point EV Template 01 and drag and drop your Jpeg on the first slide. You can also import it as a background.

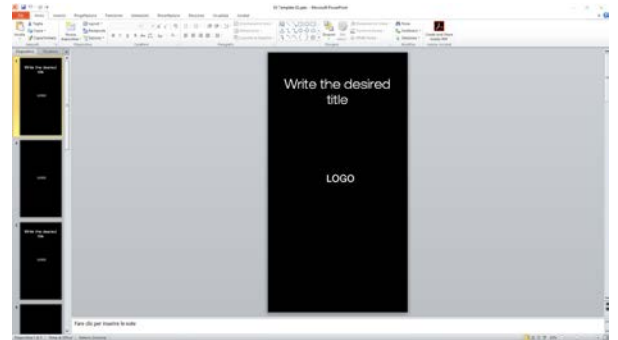

INSTRUCTIONS FOR POWERPOINT

Please use our Power Point template and follow the steps below. You are free to change the font type and position of your logo.

1. POWERPOINT TEMPLATE

- Open our Power Point EV Template 02, write the desired titles and insert your logo. Please make sure that everything is aligned from one slide to the next one.

INCLUDED IN THE PACKAGE

- Premium quality wood lectern
- 48" LCD Display
- PC with Microsoft Power Point installed
- On site setup and training
